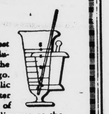
AN IMPRESSIVE RECORD



★ Although tuberculosis is one of the oldest known diseases, its cause was first conclusively proved when Robert Koch isolated the tubercle bacillus a little over fifty years ago. The success resulting from vigorous public health measures, particularly in the last quarter century, is impressive. At the beginning of the century, tuberculosis led the list of diseases as the most frequent cause of death. Today it has dropped to seventh. There is no reason why it should not drop completely from the list of important causes of death.

This splendid record has resulted from the combined efforts of many agencies. An enlightened public opinion with respect to the value of the physician's services has contributed immeasurably. Have that long-delayed physical examination today. We are prescription specialists.

Uncle Sam Says

If you counting the days to Christmas? There's nothing comparable to the warmth of Christmas Savings. Second best perhaps is Saving when you have the money to make dreams come true for you and your family. The most efficient and easy way to build up a healthy fund of savings is through your employer's Payroll Savings Plan for the purchase of United States Savings Bonds. Or your bank's Bond-A-Month Plan. Every extra savings bond you buy for your bond holdings is one more powerful stride toward security. The best Christmas gift you can give your family is to start a 10-year plan of automatic monthly bond buying. For example, your investment of $18.75 a month in a savings bank every month until Christmas, 1957, will result in a nest egg of $2,000.

Farm Election Scheduled For Committeemen

A last minute call to all farmers of Appomattox County to vote in farm program elections December 9, was issued today by W. T. Nash, chairman of the county agricultural conservation committee.

Mr. Nash urged farmers to make certain that their vote will be counted in the election of community committeemen and delegates to the county convention where the county agricultural conservation committee will be elected. He said that too often farmers let other jobs and interests keep them from voting in these elections.

The Agricultural Adjustment Act provides that the administration of the farm program on the county and community level shall be in the hands of local farmer-elected committeemen.

Community elections are scheduled as follows:

Stonewall community:
Stonewall Voting Precinct (8:00 A. M. until 11:00 A. M.) E. B. Martin's Store, Oakville (11:00 A.M. until 2:00 P.M.) Colored School (near Liberty Chapel) (2:00 P.M. until 5:00 P.M.)

There is no doubt in the minds of the members of the Glendale Club as to the appreciation and need of the people there. Mrs. Hunter Nash, a member of the Glendale Club had the following letter from a family in Holland in appreciation of some clothing she sent more than a year ago. The letter follows:

"April 27, 1947

Rotsterhaule

Dear Madam:

We were informed by the Organization 'The People's Recuperation' that some clothes for us had arrived. My wife went right away, for clothes with us are extremely scarce. My wife found a dress and a blouse and skirt. Unfortunately, there was nothing again for the men, but we were mighty pleased to have something. Upon arrival at home my wife tried on the dress, which fitted beautifully and when she took it off we noticed a little letter. My neighbor could translate it for us and so now I am writing you a little note of thanks, hoping you can read it.

"We notice from your letter that there is plenty to eat in the U.S.A. My wife said she wished we could live there too, but I guess that will never happen to us, for we are just plain factory workmen and can't save that much money to move from here to America. And then there are the children. We only have a boy and a girl, they are eleven and five years old.

"When the Canadians liberated us our boy went to them often but he could not understand their way of talking. Well, dear Madam, God bless them for freeing us and God bless you, too, for wishing us well. We are hoping to hear from you again and many greetings from the family.

Harmen ten Hoeve

Dark Tobacco Markets Open Monday, Dec. 8

Dark fired tobacco markets will open on Monday, December 8, for pre-Christmas sale of leaf.

Full buyer representatives will be on warehouse floors and the usual marketing facilities will be available.

Farmers are urged to get tobacco to market in good condition so as to be satisfactorily graded.

It is pointed out that this season there may be a difference in price between tobacco of mixed colors and lengths and tobacco that has been sorted closely as to color and length. These factors may influence government and selling price. If tobacco is offered and graded in mixed colors and lengths, the price may possibly be from three to five dollars less per hundredweight.

Many farmers are expected to try out the markets before the Christmas holidays and a fair quantity of leaf may be offered next week

Garden Club Asks Holiday Decorations

The Appomattox Garden Club is asking for the cooperation of all people toward making the town of Appomattox a "merry" one for Christmas. A first, second and third will be given to the private home having the most outstanding outside decorations. This is not confined to Garden Club members. All citizens may enter.

A committee of three: Mrs. B. G. Anderson, Mrs. Jane Burke House, and Charles Jenkins, Jr., will act as judges. They will inspect the homes on the evening of December 24th, around seven P. M. Business concerns will be inspected on the same day. However, the club hopes that all places of business will decorate early in order for shoppers to enjoy a festive atmosphere.

Community Christmas Tree

A community Christmas tree has been set up on Appomattox's Main Street, in the lot between Inge's Department Store and Buchanan's Barber Shop. The tree was put in place Tuesday evening of this week, and lighting for the Christmas season is now being arranged.

The Lions Club is sponsoring this community project and enlisted the aid of local volunteer tremen in setting up the tree.

The Lions Club also plans to repeat its annual Christmas treat for the children of this trade area, and has sent Santa Claus an invitation to come in person to Appomattox on Saturday, December 20. He will bring a free gift of candy for each child here to meet him. This is an eagerly awaited annual community project with the local Lions Club and never fails to draw a crowd of youngsters, brought by their parents to "see Santa Claus." A free movie matinee for the kids is also usually provided following Santa's visit.
